KELLY'S *Amazing* DOUBLE PEONY FLOWERING TULIPS

Peony-flowered Tulips are double and very different from the ordinary tulips. They should be planted in a little shade to protect them from the hot midday sun, which will help them to carry their heavy blossoms erect.

UNCLE TOM—A strong, full double dark brown flower, nearly black. A unique tulip of a strange and peculiar color. Fine for group planting, contrasting with groups in lighter color.

ROCKET—A magnificent crimson-red Peony-flowered Tulip, beautiful in shape. The newest addition to tall double tulips. Makes a bold show in a garden.

NIZZA—The blooms are a beautiful combination of yellow and red. Large, striking, double flowers are light clear yellow with interesting scarlet-red stripes. Grows 18 to 20 inches tall.

EROS—Very large double flowered blooms of clear lilac-rose, tinted silvery rose toward the edges of the petals. Fine substance. One of the best for the American Garden. Height 16 inches.

MOUNT TACOMA—Reminiscent of a semi-double, pure white Peony, the petals being slightly laciniated. Height 26 inches. Because of its good form and large size, is especially good for borders.

Exotic Parrot Tulips

Parrot Tulips bloom at the same time as the regular Tulip varieties. Their large flowers are fragrant and savory — being entirely different from all the Tulips. They are stunning in Clumps here and there, in a border in front of shrubs or groups of Evergreens. — Our Bulbs are of the best of quality, No. 1 size (11-12 CM) guaranteed to give you complete satisfaction. If you have never tried these, we suggest you plant some this year. Plant them 5-7 inches deep and 6 inches apart.

BLUE PARROT—26 inches. A glorious flower of bright violet, shading to steel-blue. As blossom opens it gradually changes to a most pleasing blue; very large flower with strong stem. Sport and color of Darwin Tulip, Bleu Aimable. Highly recommended.

FIREBIRD—A grand new addition to the Parrot class. Color a penetrating red, with the center of the beautifully ruffled petals marked green on the outside. Grows to 20 inches tall.

ORANGE PARROT—Glistening deep orange, shaded rose, inside deep orange-scarlet with yellow base, sweet scented flower of great size and brilliant coloring.

BLACK PARROT—Is very large. Fascinating, glistening ebony black blooms are highlighted with a shading of rich velvety maroon. Each petal of this perfectly formed Parrot Tulip is fantastically fringed and feathered. Fully 7 inches across and of exceptional texture. Tall sturdy stems. Height 27 inches.
